Diagram illustrating the decomposition of a 38-dimensional representation into irreducible representations of the symmetric group S_4 .

The diagram shows a large rectangle labeled 38 at the bottom center. This rectangle is divided into several regions:

- A top-left region labeled **EFP** (top left), 12 (top right), 8 (bottom left), and 8 (bottom right).
- A middle-left region labeled **HST** (top left), 12 (top right), and 24 (bottom right).
- A middle-right region labeled **FFL** (top left) and 26 (top right).
- A bottom-right region labeled **BMT** (top left) and 24 (bottom right).

The regions are separated by lines, indicating the decomposition of the 38-dimensional representation into these irreducible components.
