

The diagram shows a stepped boundary between two land parcels. The parcel on the left is labeled 'SFL', 'FFL', and 'BMT'. The parcel on the right is labeled 'WDK'. The boundary is defined by a series of connected line segments with the following lengths (starting from the top and moving clockwise): 11, 13, 16, 11, 1, 11, 20, 12, 1, 18, 24, 18. The area to the left of the boundary is labeled 'SFL', 'FFL', and 'BMT'. The area to the right is labeled 'WDK'.

A two-story house with beige horizontal siding and brown shutters. The house has a gabled roof with a satellite dish mounted on the left side. There are four windows visible: two on the second floor and two on the first floor, each with brown shutters. The front door is white with a small triangular pediment. A large multi-paned window is to the right of the door. A red mailbox stands in the front yard. A paved driveway leads to a gold SUV parked in front of the house. To the left, a portion of a white house is visible. The background shows more houses and trees.
