A diagram of a rectangular box with a blue border. The top-left corner is labeled "FFL". The top edge is labeled "20", the bottom edge is labeled "20", the left edge is labeled "10", and the right edge is labeled "10".

A photograph of a utility site. In the foreground, a gravel-covered ground is visible. A chain-link fence runs across the middle ground, enclosing several pieces of electrical equipment, including a large white transformer and a smaller grey unit. To the left of the fence, a tall, green cylindrical structure, likely a chimney or vent, rises into the air. To the right of the fence is a brown, single-story building with a grey awning over its entrance. The background is filled with dense green trees. A yellow caution sign and a white warning sign are posted on the fence.
