A photograph of a large, multi-story house with a complex roofline. The house features a combination of brick and wood siding. The central gable section is clad in light-colored horizontal wood siding, while the lower sections and wings are made of red brick. The roof is multi-tiered with several gables. The house is surrounded by bare trees, suggesting a winter or late autumn setting. A large tree trunk is visible in the foreground on the right side of the image.A photograph of a residential property. In the foreground, a wet asphalt driveway leads towards a brick pillar topped with a red lantern. The pillar is made of red bricks and has a small plaque on it. To the right of the pillar is a green lawn with some shrubs. In the background, a white car is parked in a driveway next to a brick house. The house has a white garage door and a small porch. The overall scene is captured in a slightly desaturated, high-contrast style.
