The diagram illustrates a building layout with a main rectangular area and an adjacent smaller area. The main area is labeled "FFL LLV" and has dimensions 24 by 24. The adjacent area is labeled "WDK" and "EFP" and has dimensions 10 by 10. The diagram includes various labels such as "FFL", "LLV", "WDK", "EFP", and "FFL LLV".

A photograph of a white, single-story house with a gambrel roof. The house features two windows with dark shutters and a small vent in the gable. It is surrounded by tall, thin trees, and a portion of a brown-roofed structure is visible to the left.A two-story house with a gambrel roof, white siding, and a two-car garage. The house has dark shutters on the windows and a small dormer in the roof. It is surrounded by a large lawn and many trees, including tall evergreens and deciduous trees with green leaves. A paved driveway leads to the garage, and a white picket fence is visible on the right side of the property.
