The diagram illustrates a network of robots in a facility. A central robot, 'GAR', is connected to a vertical line that branches out to 'PAT' and 'WDK'. 'PAT' is further connected to 'EFP'. 'WDK' is connected to 'FFL BMT'. 'FFL BMT' is connected to 'OFF'. The diagram includes various numerical labels indicating distances or weights between the robots and their connections to a central hub.

[illegible]A large, modern, single-story house with a wide garage, multiple windows, and a red pickup truck parked in the driveway. The house features a combination of light tan and dark grey horizontal siding, white trim around the windows and doors, and a dark grey shingled roof with white gable accents. A red pickup truck is parked in the two-car garage. The front yard is green with some landscaping, and a white mailbox is visible near the driveway. The sky is clear blue.
