The diagram shows a large rectangle with a purple border. The top edge is labeled 36, the left edge is 24, and the right edge is 24. The bottom edge is divided into three segments: 10 on the left, 8 in the middle, and 18 on the right. In the center of the rectangle, the text "FFL BMT" is written in blue. Below the bottom edge, centered under the 8-unit segment, is a smaller rectangle with a red border. This smaller rectangle has a height of 4 and a width of 8. A red dashed line points from the bottom-right corner of this smaller rectangle to the word "OFF" in red. The entire diagram is set against a white background with a yellow header bar at the top.
