|                                                                                                 |      |             |  |                                                                            |        |                   |      |                                                                 |     |            |       |                                                                     |                                |          |           |         |          |          |                             |         |          |

The diagram illustrates a 2D memory layout with three main blocks. The dimensions and offsets are as follows:

- WDK (Top Left):** A block with a width of 18 and a height of 8. It is positioned at an offset of 12 from the top-left corner.
- HST/FFL/BMT (Bottom Left):** A large block with a width of 32 and a height of 25. It is positioned at an offset of 12 from the top-left corner.
- GAR (Right):** A block with a width of 20 and a height of 12. It is positioned at an offset of 12 from the top-left corner.

Additional dimensions and offsets are provided for the segments of the WDK and GAR blocks:

- WDK Segments:** The block is divided into two horizontal segments, each with a height of 4. The top segment is offset by 12 from the top-left corner, and the bottom segment is offset by 13 from the top-left corner.
- GAR Segments:** The block is divided into two horizontal segments, each with a height of 6. The top segment is offset by 12 from the top-left corner, and the bottom segment is offset by 13 from the top-left corner.

A photograph of a single-story yellow house with a brown roof and a white garage, situated on a green lawn with trees in the background. The text "36 ROGERS RD" is overlaid in large red letters at the bottom.

| BUILDING SUB-AREA SUMMARY SECTION |             |        |       |          |           |                |
